OUR VISION
To recognise the student’s full potential and develop it in exciting and effective ways to be a holistic individual.

OUR MISSION
To give special emphasis on the 4R’s (Reading, Writing, Arithmetic and Reasoning)
To develop language mastery for communication and knowledge acquisition, with special emphasis on English.
To recognize and encourage the development of the child’s potential and talent.
To provide a strong science programme for the development of observational, analytical and problem solving skills.
To help develop skills and attitudes of reflection, to enable students to think critically, creatively and affirmatively.

ACADEMIC STAFF
Teaching-learning activities in the school are carried out by our team of well-trained, experienced, dedicated and caring teachers.
